Birthday Party Themes

Make your child's wish come true with a birthday party at Building Blocks! Choose one of our themes or create your own.

Crafty Capers Party: Tons of creative fun to keep little hands busy! Crafty kids enjoy lots of awesome crafts to take home and enjoy. Projects can include jewelry making, flower pots, masks, treasure chests, personalized t-shirts, birdhouses, and fun with clay.

Kids Sports Party: Fun, age-appropriate physical activities for the birthday boy or girl, including obstacle courses, relay races, tunnels & tumbling, balloon races, hula hoops, freeze dance, parachute fun, and a pinata.

Classic Kids Party: Filled with all the traditional games kids love! Choose your favorites, like balloon races, musical chairs, hot potato, Simon Says, limbo, or pin the hat on the birthday star!

Princess Party: The royal treatment for your little princess! Create her very own fairy tale with face painting, nail painting, and tattoo art, or princess-related games, like Pin the Tiara on the Princess or Kiss the Frog, and pretty crafts that Her Royal Highness will love!

Dance Divas/Hip-Hop Heroes: Your younger diva becomes the star of the show when the whole party learns a choreographed dance to her favorite princess song. Your hip-hop hero and his guests learn some hot dance moves choreographed just for them!

Older divas and hip-hoppers (available for both boys and girls) learn more advanced combos and dance steps and get to show off their moves to the party jam of their choice.

Dance parties can also include fun dance-related crafts or games like animal action, freeze dance, and conga lines!

Other theme ideas: Mad Scientist, Pirates, Star Wars, Tea Party, Horses, Sesame Street, Hollywood Glam, Luau, and more!

Have a happy, hassle-free birthday!
